ABOUT MYSELF

I am a proactive Frontend Developer skilled in HTML, CSS, JavaScript, and React.js. I specialize in creating responsive, user-friendly web applications with clean and efficient code. Known for being highly active, a quick learner, and excellent at time management, I am dedicated to delivering high-quality solutions while adapting to new challenges and technologies seamlessly

EDUCATION

2022-2024

East west College of Management

Master of computer application (MCA) 7.62/10

EXPERIENCE

July - October

Scontinal Technology Private Limited

Front End Developer (Intern)

During my internship as a Frontend Developer, I collaborated with a team to build responsive web pages using HTML, CSS, and JavaScript, developed interactive components with React.js, resolved UI/UX issues to enhance user experience, and optimized website performance through efficient coding and faster loading times. I also gained hands-on experience with API integration, state management, and demonstrated strong problem-solving, time management, and teamwork skills.
